

Good morning,

Today is the registration deadline for Tundra Tales, which means we are getting close to kicking off! You are already registered, so I wanted to briefly follow up with you regarding some more information about the program.

If you have looked through the materials we provide on our website, you may have noticed the program (Bi-Weekly or Traditional) and grade appropriate tracking sheets. These sheets are provided because they are formatted to include all applicable information for the program. These forms are available in both English and Spanish.

We also have a form available for participants in grades [4K through 1st Grade](#). Instead of tracking every detail, this form allows participants to color in footballs for every 10 minutes they read. Parents/guardians are still required to sign off on the form. This form is also available in [Spanish](#).

However, you are **not required** to use these forms. There are a variety of other options that may be more effective or efficient for you and your participants. Some of the digital options you may consider exploring are:

- Google Sheets
- Google Classroom
- Phone Applications
 - Reading Rewards iOS only: <https://www.reading-rewards.com/sign-up/>
 - Reading List iOS only
 - Reading Log Cabin \$2.99

These would conserve on paper and allow your participants' parent/guardian to track and sign digitally. There may also be some sort of shared drive system your classroom or school may already be using. Because you do not need to submit any physical reading logs or any of your participants' personal information, this may be an option that works for you. The only information I need when you submit your completion information is the number of participants who completed their minutes for that quarter.

If you have a unique way that you have tracked your participant's reading minutes and would like to share, I'd be happy to pass it on to the other coordinators.

Regardless of how you track the reading, your participants will still be required to complete the required number of minutes.

- 4K-5th grade: Average 60 minutes/week
- 6th – 8th grade: Average 90 minutes/week

If you need to update your registration numbers or contact information, for whatever reason, please email me at education@packers.com rather than submitting a new form.

Regards,

Justine Kaempfer
